

Dear Members,

In light of the increased safe management measures due to the rising COVID-19 cases in Singapore, we will be sharing some important updates that will be implemented here at the resort:

- Mandatory TraceTogether SafeEntry
- Golf Course Reminders
- Reduction of Gathering at F&B Outlets
- Social & Recreation Facilities Updates
- Laguna Practice Measures

SAFE ENTRY

A new token/scan system will be introduced for easier and faster check-ins. The TraceTogether-only SafeEntry will be made mandatory from May 17 onwards. Other modes of SafeEntry check-in – such as scanning a SafeEntry QR code with a phone camera or the Singpass app – will be discontinued from that day.

Members and Guests are strongly encouraged to collect your TraceTogether tokens and/or download the TraceTogether App on your smartphones by May 17:

GENERAL

We have already seen an increase in the frequency of inspections by various authorities and heightened sensitivity to all safety measures. This will certainly continue for the coming weeks, so we seek your support and commitment to be more alert to comply with all safe management measures.

- Wear your mask at all times unless engaging in strenuous activities or in the act of eating/drinking
- Avoid gathering in groups of more than 5 people
- Maintain social distancing of at least 1m in all areas of the property with the exception of golf and other activities where 2m is required

F&B OUTLETS

- Each group is limited to five persons. The group will be split up if there are more than 5 people and you will have to be seated separately. Intermingling is not allowed between groups
- Masks are required to be worn whenever guests are not eating and drinking
- TraceTogether-only SafeEntry will be implemented at F&B establishments from May 17, 2021
- Reservations are strongly encouraged due to fixed capacity limit for each F&B outlet

 - Tee Deck: 8.30pm | Last order: 8pm (Sunday – Thursday)

GOLF COURSES

The current measures in practice regarding golf will not see any procedural changes as we do not currently allow caddies and, thus, all flights are already at 5 or less people. We would however, like to remind all golfers that:

- All flights are to be booked individually
- Please maintain 2m distancing while on the golf course and practice ground
- You are not to mix and mingle amongst flights before, during or after your game
- Please avoid sharing equipment
- Please refrain from touching the flagstick
- Masks must be worn at all times unless engaging in strenuous activity. Please wear your mask in common outdoor areas such as the putting green, approaching Mulligans snack bar, toilet areas and the buggy staging/return areas.
- While changing rooms remain open, we encourage members leave the facility upon the conclusion of their golf/dining experience and

shower at home, reducing the number of people in the changing room

- Lightning Warning and Weather closures – remains in effect. In order to avoid accumulation of people waiting or congregating at the club, all tee times falling within a lightning warning/closure of the golf course will be cancelled. Those golfers that are already on the course can remain on course, seeking shelter in the rain shelters, Nest or the overflow area in the car park. Any golfers returning to the buggy return area are abandoning play and their golf bags will be removed and sent up to the bag drop

LAGUNA PRACTICE

The current measures in practice regarding the driving range will largely stay in effect, with the exception of some class sizes at Leadbetter Golf Academy, which will be capped at 5 students per group. The LGA fitness area will also be closed until further notice.

We would like to take this opportunity to remind members of the following measures in place:

- Laguna Practice is closed on Tuesday
- Booking a slot at the range is encouraged as we are required to strictly adhere to capacity measures in place. Individuals without a booking may be denied entry to the facility if we are at capacity. Bookings can be made by calling the shop at 6741 1111
- All customers are required to enter through the front door and complete temperature screening and Trace Together scanning
- A maximum of one golfer per bay with the exception of Toptracer Lounge, where 2 are allowed
- No spectators are allowed
